

LIST OF PLATES

Plates	Title	Page No.
01	Life cycle of eri silkworm	23
02 (A&B)	Borkesseru (<i>Ailanthus excelsa</i> Roxb.) plant	24
03 (A&B)	Borpat (<i>Ailanthus grandis</i> Prain.) plant and leaves	25
04	Kesseru , <i>Heterpanax fragrans</i> (Roxb.) plant	26
05	Castor (<i>Ricinus communis</i> L.) plant	26
06	Different strains of eri silkworm (A) Greenish Blue Plain (B) Greenish Blue Spotted (C) Greenish Blue Zebra (D) Yellow Plain (E) Spotted Yellow (F) Yellow Zebra	46
07	Different treatments for assessment of rearing performance of eri silkworm feeding different food plants	68
08	Mature larva of eri silkworm feeding different combinations of food plants (treatments)	99
09	Feeding of late stage eri silkworm on Borpat	101
10	Feeding of late stage eri silkworm on Borkesseru	101
11	Feeding of late stage eri silkworm on Kesseru	102
12	Feeding of early stage eri silkworm on Castor	102
13	Cocoons of eri silkworm feeding different combinations of food plants (treatments)	105
14	Rearing of eri silkworm (early and late ages) on Borkesseru	113
15	Rearing of eri silkworm (early and late ages) on Borpat	113
16	Grainage operations of eri silkworm	121

Plates	Title	Page No.
17	Yarn of eri silk	123
18	Natural plantation of Borpat at Barekuri village of Tinsukia district (Assam)	125
19	Field visits and awareness programme on utilization of Borpat (<i>Ailanthus grandis</i>) conducted at Barekuri village of Tinsukia district (Assam)	126
20	Rearing of eri silkworm feeding Borpat at Barekuri village of Tinsukia district (Assam)	127
